Mobile: 8072482032, 9445482366

LinkedIn: www.linkedin.com/in/emmanuel-b-b5145593

Detail-oriented MERN Stack Developer with a solid understanding of MongoDB, Express.js, React.js, and Node.js. Eager to contribute fresh perspectives and strong problem-solving skills to dynamic development teams, seeking an entry-level position to apply theoretical knowledge and further grow as a MERN Stack Developer.

## Professional Experience

**TVS Electronics**                                                                                               June 2022 - June 2023
**Process Engineer**

As a Graduate Engineer Trainee (GET), I manage the entire process creation, from feasibility studies to SOP development. I optimize FEM software for efficient data management and establish performance tracking systems for ongoing improvement.

## Education
